

Championship Show

9th, 10th & 11th December 2016

at Woodhill Sands Equestrian Centre, Helensville

Dressage Waitemata's mission is to deliver quality dressage competition and education to enable competitors to participate, compete and succeed in this discipline.

To achieve our goals, amongst other things, we hold one day local events during the season along with our major 3 day Championship Show. The 3 day show includes qualifying classes for the Island & National Shows later in the year and is an important part of the NZ Dressage calendar.

As with most sports groups we have a fantastic & committed group of volunteers who are the life force of these events. We receive no funding from the government or local bodies so therefore we must run our events on a tight budget to at least break even, if not return a small profit to enable us to fund training & education for our riders & officials. We must provide opportunities for all levels and ages of riders within our events & maintain the standards set by our governing body, Dressage NZ.

We would like to invite you to support us, through sponsorship at our Championship Show. Thank you for taking the time to consider this.
